This picture book delves with honesty and understanding into the daily challenges of life for a boy with autism.

Dans le bus qui nous ramène à l'école, notre enseignante nous félicite pour notre belle participation. Elle me remet même un trèfle à quatre feuilles pour mon comportement exemplaire.

— Laurent, tu as été le trèfle à quatre feuilles de la journée. Tu es très spécial, et c'est une chance de l'avoir parmi nous. J'ai senti que tu prenais racine dans cet environnement que tu connais si bien... Merci de nous avoir transmis un peu de ton savoir et de ta passion !

À ma grande surprise, tous les élèves se mettent à m'applaudir. J'en oublie complètement de leur apprendre que le nom latin du trèfle est en fait *Trifolium repens*.

Mais ça ne me fait rien, car je suis heureux ! Heureux, et chanceux, d'être un trèfle à quatre feuilles.

Au final, ce n'est pas si mal, être moi. C'est même incroyablement chouette !

"Lawrence is a very endearing and very different kind of boy. He has autism, and he loves flowers with a passion. Through a carefully crafted narrative and rich vocabulary, this story helps to open readers' eyes to the way an autistic child might behave. The thoughtful, inspiring illustrations are simply magnificent."

AVERY AND THE FLOOD

"My little brother had just turned four when he started crying. And he never stopped crying. He cried in the morning. He cried in the afternoon. He even cried when he was eating and sleeping, when it was sunny out and everyone was happy and smiling. He cried a flood of tears."

Avery was inconsolable. Nothing and no one can comfort him and stem the flood of tears. Until his big sister Rebecca sets out on a mission to get to the bottom of what is making him so miserable.

In her first venture into children's literature, Stéphanie Boulay sheds light on a profound search for identity. A charming, impactful and timely tale to foster self-acceptance and reassure children that it's OK to be different.

"Stéphanie Boulay delves oh-so-gently into the delicate question of identity and the importance of being yourself, no matter what other people think. Writing from a child's perspective with an air of innocence and whimsy and a punchy pen, she does a marvellous job of capturing how awkward and difficult it can be for little ones to tell grown-ups what's bothering them. A kaleidoscope of flowing watercolours, Agathe Bray-Bourret's delightful illustrations defy all convention and go wonderfully with the theme of being proud to be different."
